Senox Monthly Pricing
Effective February 2025

Aluminum

The Midwest Average price of aluminum closed at \$1.40 for January. This average, plus mill fabrication costs, labor, paint, packaging, freight and other factors are used to set the Senox monthly coil price for February.

The Midwest Average increased slightly over the December average of \$1.38. Effective February 2025, there is a roughly 0.6% increase to Senox base aluminum coil, downspout and elbow pricing.
